

THE PRINCE PHILIP SCHOLARSHIP

APPLICATION GUIDELINES **FOR ADMISSION TO THE UNIVERSITY OF CAMBRIDGE IN 2027**

(For use in conjunction with the Prince Philip Scholarship application form. You **MUST** read these Application Guidelines carefully before you complete the application form. Your application for the Prince Philip Scholarship will be made on the basis of the terms set out in these Application Guidelines, which you agree to observe and comply with by making your application.)

Before you complete the Prince Philip Scholarship application form, please refer to Section 7-C of these Application Guidelines, “**Eligibility for the Scholarship**”. Please also refer to <https://www.undergraduate.study.cam.ac.uk/international-students/international-entry-requirements>.

01 Preference College at Cambridge (Application Form Page 1)

There are 29 colleges at Cambridge admitting undergraduates. Of these, 3 admit only mature students (those over 21 years on admission). Two colleges admit women only, and the remainder admit both men and women:

1-A Colleges admitting women only

Murray Edwards and Newnham.

1-B Colleges admitting both men and women

Christ’s, Churchill, Clare, Corpus Christi, Downing, Emmanuel, Fitzwilliam, Girton, Gonville and Caius, Homerton, Hughes Hall (mature students only), Jesus, King’s, Lucy Cavendish, Magdalene, Pembroke, Peterhouse, Queens’, Robinson, St. Catharine’s, St. Edmund’s (mature students only), St. John’s, Selwyn, Sidney Sussex, Trinity, Trinity Hall, Wolfson (mature students only).

1-C Unsure about the choice of college?

Applicants should not be worried if they feel unsure about the choice of a college. In such cases, they can make an “open application” by writing “OPEN” on page 1 of the Scholarship application. Please ensure that any choice of college on the Scholarship application form is the same as that on your UCAS application. Applicants will not in any way prejudice their chances of selection if they make an open application.

If preference has been expressed for a particular college, we will try to meet it, but those offered scholarships may receive an offer from another college.

02 Proposed subject of study (Application Form: Page 1)

Please specify the subject or subjects that you hope to read at Cambridge (see the list of Triposes below). **All applicants** must check the entry requirements for the courses they are applying from the Cambridge University web pages. Please follow the link under “Courses at

Cambridge” in **Section 06**. Note that not all colleges admit in all subjects. Applicants should check college websites to ensure that their preferred subject is offered. Open applications will automatically take account of any subject restrictions.

2-A Check the latest subjects (Tripos) available in Cambridge

Consult the latest “University of Cambridge Undergraduate Prospectus” at: www.undergraduate.study.cam.ac.uk

2-B Courses available

In their first year of residence, applicants can choose from among the following Triposes: Anglo-Saxon, Norse and Celtic; Archaeology; Architecture; Asian and Middle Eastern Studies; Chemical Engineering and Biotechnology; Classics; Computer Science; Design; Economics; Education; Engineering; English; Environment, Law and Economics; Geography; History; History and Modern Languages; History and Politics; History of Art; Human, Social, and Political Sciences; Law; Linguistics; Linguistics and Modern Languages; Mathematics (including Mathematics with Physics); Medicine; Modern & Medieval Languages; Music; Natural Sciences; Philosophy; Psychological and Behavioural Sciences; Theology, Religion, and Philosophy of Religion; and Veterinary Medicine.

In addition to the courses listed above, the following Triposes can be taken only after Part IA or Part I of another Tripos: Management Studies and Manufacturing Engineering.

2-C Change of subject

If you think you may want to change to another subject in your second or third year, please enter this in addition to your proposed first year subject (e.g. write “Economics + Law” if you are intending to read Economics Part I followed by Law Part II). This information is intended only as a guide for the Selection Board. There is no need to feel that what you write here commits you in any way to a definite choice of subject in your second or third year. However, you should also note that there is no guarantee you will be permitted to change to another subject in your second or third year.

2-D Applicants for Natural Sciences

Applicants for Natural Sciences should state whether their interests tend toward physical or biological sciences (i.e. enter either “Natural Sciences (Physical)” or “Natural Sciences (Biological)”). This information is intended only as a general guide for the Selection Board – you are not committing yourself to choosing physical sciences or biological sciences later on in the Tripos; in any case, the Natural Sciences Tripos is constructed in such a way as to defer specialisation until a later stage in the course.

2-E Applicants for Architecture

- (a) Applicants for Architecture must prepare a portfolio which should include graphic work and/or paintings of three-dimensional materials. It should cover as wide a range of work as possible, including drawings or sketches of a building, a natural artifact and a human-made artifact. Shortlisted candidates will be asked to provide their portfolio to the Selection Board for consideration in late January or February

2027, before their interview.

- (b) Applicants should note that the Architecture Department at Cambridge is small and competition for places is particularly intense. It is likely that applicants for Architecture will be also asked to attend a college admissions interview at Cambridge at which their portfolio will be discussed, before or after they attend any interview for the Scholarship in Hong Kong.

2-F Applicants for Medicine or Veterinary Medicine

- (a) Cambridge offers only a strictly limited number of places for overseas applicants in Medicine & Veterinary Medicine.
- (b) The Scholarship is tenable for both the pre-clinical BA degree and the clinical course.

2-G Applicants for Mathematics including Mathematics with Physics

- (a) Applicants who are taking G.C.E. A-level Examinations must take Mathematics and Further Mathematics as A-level subjects. Those taking the International Baccalaureate Diploma Programme must take Mathematics: Analysis and Approaches at Higher Level. Applicants who are taking the HKDSE Examinations must take Mathematics: Extended Part (Module 2: Algebra and Calculus) and Physics as their HKDSE subjects. Furthermore, some colleges may have additional requirements and applicants are advised to check with their preference college before making an application. Further information can be found at:

<https://www.maths.cam.ac.uk/undergrad/admissions/undergraduate-admissions>

- (b) Specific grades in the two Sixth Term Examination Papers (STEP) will normally be included as part of the conditional offers, in addition to those to be attained at HKDSE Examinations, G.C.E. A-level Examinations, International Baccalaureate Examinations, or other approved examinations (as the case may be). Information about this may be found in the University of Cambridge Undergraduate Prospectus or at:

<https://www.maths.cam.ac.uk/undergrad/admissions/step>

03 Admission tests and assessments

There are two types of admission tests and assessments: (i) those that require registration in advance and (ii) those that take place after an applicant is invited to interview, if shortlisted for interview. The latter are called College admission assessments and no advance registration is necessary. Further details can be found at:

<http://www.undergraduate.study.cam.ac.uk/apply/how/admission-tests>

3-A Tests and assessments which require advance registration

Applicants must ensure they register with National Admissions Test for Law (LNAT) or University Admissions Test UK (UATUK) or University Clinical Aptitude Test (UCAT) before the stipulated deadlines:

- (a) Applicants for Law are required to take the **National Admissions Test for Law (LNAT)**. The registration deadline is 15 September 2026.
- (b) Applicants for Medicine are required to take the **University Clinical Aptitude Test (UCAT)**. The registration deadline is 16 September 2026.
- (c) Applicants for Chemical Engineering and Biotechnology, Engineering, Natural Sciences and Veterinary Medicine are required to take the **Engineering and Science Admissions Test (ESAT)**. The registration deadline is 28 September 2026.
- (d) Applicants for Computer Science, Economics and Mathematics are required to take the **Test of Mathematics for University Admission (TMUA)**. The registration deadline is 28 September 2026.

Further details can be found at:

<https://www.undergraduate.study.cam.ac.uk/apply/how/admission-tests>
<https://lnat.ac.uk/>, <https://esat-tmua.ac.uk/>, <https://www.ucat.ac.uk/>

3-B College admission assessments

Applicants who are required to take these assessments do not need to register in advance for these. Those applicants who have been invited for interview will be informed by the college on how and when to take the assessments. Details of which courses require such assessments can be found at:

<https://www.undergraduate.study.cam.ac.uk/apply/after/college-assessments>

04 Correspondence email address

4-A We must be able to contact applicants by email. All applicants must indicate their preferred email account for correspondence on the front page of the application form. The same address must be entered as the correspondence email address on the second page for verification. It is of crucial importance that the email account specified is an active, functioning email account with sufficient capacity to receive emails at all times during the course of the application.

4-B Applicants must check the email account provided regularly during the course of the application. We are likely to contact you by email (our email account for this purpose is pps@cambridge.org.hk). Please check to ensure that our email to you will not be caught by any screening mechanism for spam or junk mails. You should read the instructions set out in our emails to you very carefully and respond accordingly.

05 Important Dates

For Prince Philip Scholarship application	
15 th October 2026	Closing date for Prince Philip Scholarship application. The following should be submitted by this date. 1. Prince Philip Scholarship application form 2. Copy of HK Permanent Identity Card 3. Copy of UCAS application form 4. Copy of My Cambridge Application (optional) 5. School transcripts since Secondary 4 (or Grade 10) 6. School Principal's Confidential Report
January/February 2027	Notification of the time and venue for scholarship interviews
To be confirmed	Scholarship interviews online/at Cambridge (for applicants attending schools in the UK)
To be confirmed	Scholarship interviews in Hong Kong (for applicants attending schools in Hong Kong)
Around March 2027	Notification of the scholarship decision and the conditional offers
From end of March 2027	Means tests conducted for scholarship offer holders

For application to Cambridge University	
15 th September 2026	Deadline for applicants to have registered to take LNAT
16 th September 2026	Deadline for applicants to have registered to take UCAT
28 th September 2026	Deadline for applicants to have registered to take ESAT and TMUA
12 th /13 th October 2026	Assessment dates for ESAT
15 th /16 th October 2026	Assessment dates for TMUA
15 th October 2026 (6:00pm UK time)	Deadline for UCAS applications
22 nd October 2026	Deadline for submission of My Cambridge Application Deadline for submission of transcripts (if applicable)
To be confirmed	College admission assessments in Hong Kong (for applicants attending schools in Hong Kong)
To be confirmed	Online college interviews (for applicants attending schools in Hong Kong)
To be confirmed	Online/in-person college interviews and college admission assessments (for applicants attending schools in the UK)

07 Notes

7-A Value of the Scholarship

Non means-tested portion:

The Scholarship includes a non means-tested cash award of £4,500 per annum. One Hong Kong-London economy class return air ticket per year will also be awarded irrespective of means test results, **provided the air ticket is purchased through the Scholarship Scheme under its special arrangements with designated airlines**. If the air ticket is not purchased through the Scholarship Scheme or deviates from the designated route, any airfare incurred will not be reimbursed.

Means-tested portion:

Depending on the results of a means test to be carried out, the Scholarship will also provide financial assistance for students to meet the costs of tuition and basic maintenance. A Full Scholarship will cover the student's Tuition Fee and College Fee in full, as well as the student's basic living expenses like college rent, books, meals, transport and other reasonable living expenses.

Applicants for the Scholarship may apply also for other scholarships or bursaries to support their studies at Cambridge. It is the duty of every applicant for the Scholarship to duly and promptly notify the Scholarship Scheme when he/she applies for any other scholarships, bursaries or other forms of financial support, and also to keep the Scholarship Scheme informed of the progress and results of all such applications. Failure to do so may result in the cancellation, revocation or withdrawal of the Scholarship (including the non means-tested portion). A holder of the Scholarship may hold concurrent awards but any benefits received or receivable from other awards will be taken into account by the Scholarship Scheme in assessing the amount of the Scholarship award.

If a student does not complete the means test or fails to duly and promptly provide the Means Test Committee with all information requested by the Committee, only the non means-tested portion of the Scholarship will be awarded.

The decision of the Means Test Committee as to the amount of the Scholarship award shall be final, and there will be no appeal against their decisions.

7-B Tenure

The Scholarship is reviewed annually in the light of academic progress and the student's financial needs, and is normally tenable for the duration of the undergraduate course of three years. In certain cases and subject to good academic performance, the Scholarship may be extended to cover a fourth year (see **Section 7-E** below). For Scholarship holders studying medicine or veterinary medicine, the Scholarship is tenable for both the pre-clinical BA degree and the clinical course.

7-C Eligibility for the Scholarship

To be eligible for the Scholarship, a student must, at the time of application, have ordinarily resided in Hong Kong for a continuous period of not less than 7 years at any time in the past and hold a valid Hong Kong Permanent Identity Card. Students with Home Fee status in the UK are not eligible.

A student is generally considered to be ordinarily resident in Hong Kong if he/she is habitually resident in Hong Kong despite temporary absence for purposes including, but not limited to studying abroad. There should be a sufficient degree of continuity of residence in Hong Kong being part of the regular order of life of the student. Whether a student has ceased to be ordinarily resident in Hong Kong is determined by the student's particular circumstances.

Students already registered as a student at any university or tertiary education institution,

whether in Hong Kong or overseas, will not be eligible for the Scholarship. Unless the Scholarship Scheme decides otherwise, if an applicant registers with any university or tertiary education institution, whether in Hong Kong or overseas, of a place in a programme involving undergraduate studies, the applicant will cease to be eligible for the Scholarship, and his/her application for the Scholarship will be deemed to be automatically and immediately withdrawn and cancelled (and any offer of the Scholarship to him/her revoked).

7-D Choice of College

Prince Philip Scholarships are tenable at any Cambridge college admitting students for undergraduate courses leading to a first degree of the University of Cambridge: they are not tied, or restricted, to any particular college or colleges within Cambridge. Although applicants may indicate a choice of college, it is not essential to do so and an “open application” may be made.

7-E Courses Available

All Cambridge undergraduate courses, except for the Foundation Year pre-degree course, are open to Prince Philip Scholarship applicants. Most last for three years and lead to a B.A. degree. However, in Architecture, Computer Science, Design, Engineering, Mathematics and some subjects in Natural Sciences, subject to good academic performance, the course may include a fourth year leading to the MArch, MEng, MDes, MEng, MMath or MSci degrees.

For information about all courses, consult the latest Cambridge Admissions Prospectus or visit the website at: www.undergraduate.study.cam.ac.uk/

Note: A few colleges do not admit students for certain Cambridge courses – you MUST check the website above for any subject restrictions at each college before making your choice. Open applications automatically take account of any subject restrictions.

The Scholarship will be awarded in respect of the study of a specified course. The Scholarship holder may not change his/her subject at Cambridge except with the prior written approval of the Scholarship Scheme.

7-F Application Procedures

- (a) The application form for a Prince Philip Scholarship, duly signed by the applicant and endorsed by the School Principal, together with the duly completed and signed School Principal’s Confidential Report (which must be put in a sealed envelope), printouts of the UCAS form and, where applicable, My Cambridge Application (see points (b) to (e) below), a copy of the applicant’s Hong Kong Permanent Identity Card, and all other relevant documents, **must reach:** Prince Philip Scholarship, The Friends of Cambridge University in Hong Kong, c/o The Bank of East Asia Limited, 10 Des Voeux Road Central, Hong Kong, on or before **15th October 2026**. The envelope should be marked ‘Private and Confidential’. To ensure receipt of the completed application forms and supporting documents before the deadline, please send the documents **in good time**. Late applications will not be accepted.

- (b) All applicants should (i) complete the UCAS form (including Cambridge in their choice of universities) and submit it online before the prescribed deadline; and (ii) complete the Prince Philip Scholarship application form (attaching to it a copy of their Hong Kong Permanent Identity Card, and a printout of their completed UCAS form) and deliver them to their School Principal. Applicants may remove the information pertaining to their other university choices from the copy of the UCAS form included in the application materials. The School Principal will attach the School Principal's Confidential Report to the Scholarship application form, and send it, together with the attachments, to The Friends of Cambridge University in Hong Kong, so as to ensure receipt thereof on or before **15th October 2026**. The form of School Principal's Confidential Report is available at: www.cambridge.org.hk/resources.
- (c) Applicants who are studying at schools other than in Hong Kong or the UK may have an earlier application deadline. Details can be found on the Cambridge website.
- (d) Applicants should note that the Cambridge college listed as the preference college on their UCAS form must correspond to that given on their Prince Philip Scholarship application form. Applicants who are unsure about the choice of a college are welcome to submit an "open application" on both the Scholarship application form and the UCAS form, without any prejudice to their chances of selection.
- (e) After submission of the UCAS form, applicants will be asked to complete My Cambridge Application online. It is not mandatory for an applicant to submit this to the Prince Philip Scholarship. However, if an applicant would like information appearing on his/her My Cambridge Application to be taken into account by the Prince Philip Scholarship selection panel, he/she should submit a printout of his/her My Cambridge Application at the same time he/she submits the Scholarship application form. This means the applicant will have to submit his/her My Cambridge Application by **15th October 2026**.
- (f) Applicants are reminded to make all necessary and timely arrangements for taking all written assessments which may be prescribed for admission to study their proposed subjects at the University of Cambridge. If they are asked to do so, applicants shortlisted for interview in Hong Kong **MUST** make themselves available to take any written assessments at the specified time.

7-G Selection

Selection is primarily by a panel representing the Cambridge colleges and the University of Cambridge. Shortlisted applicants will be called for interview in Hong Kong or, for those applicants who are studying in the United Kingdom or other parts of Europe, in Cambridge. Applicants **MUST** make themselves available on the relevant dates to attend the interview.

Shortlisted applicants will have two interviews, one for the Scholarship and the other for college admission. However, failure to secure nomination for a Prince Philip Scholarship does NOT preclude the receipt of a conditional offer of a place at a college.

7-H Offers

Successful applicants will receive conditional offers from the Prince Philip Scholarship not later than March 2027. An offer may be conditional upon the applicant (a) attaining the specified grades or scores in the HKDSE Examinations, the G.C.E. A-level Examinations, the International Baccalaureate Examinations, or such other approved examinations or tests as the Scholarship Selection Board may specify; and (b) achieving the required results in any additional conditions prescribed for pursuing the proposed subject of study at the University of Cambridge. The Scholarship will be confirmed in **July/August 2027** after the results of the relevant examinations are published.

These successful applicants will either receive a corresponding “conditional offer” from their preference college, or another college in Cambridge to which they have been allocated under the “open application” procedure.

The decision of the Scholarship Selection Board shall be final, and there will be no appeal against their decisions.

7-I Fees

Application to The Prince Philip Scholarship is free of charge. Most international applicants have to pay an extra fee of £60 for applying to the University of Cambridge (in addition to the standard UCAS fee).

7-J Enquiries

Any enquiries regarding The Prince Philip Scholarship should be directed to The Friends of Cambridge University in Hong Kong Ltd, c/o The Bank of East Asia, Limited, 10 Des Voeux Road Central, Hong Kong. (Email: pps@cambridge.org.hk).

7-K Personal Data

Personal data of the applicants will be collected in connection with the application to The Prince Philip Scholarship. A Personal Information Collection Statement is set out at the end of this document. All applicants must read the Personal Information Collection Statement carefully before submitting an application. The submission by an applicant of an application to The Prince Philip Scholarship will be regarded as the applicant giving his or her consent to the collection, processing, use and retention of his or her personal data by The Prince Philip Scholarship (and all or any of the persons connected with The Prince Philip Scholarship scheme) in the manner set out in the Personal Information Collection Statement. Where the consent of any third party is required or regarded as desirable or appropriate, it shall be the responsibility of the applicant to ensure that all such consent is duly obtained at the time and in the form required or stated.

PRINCE PHILIP SCHOLARSHIP -
Personal Information Collection Statement

(made pursuant to the Personal Data (Privacy) Ordinance, Cap. 486 (“the Ordinance”) of the Laws of Hong Kong, and where applicable, the European Union’s General Data Protection Regulation (“the GDPR”))

1. Applicants are required to provide The Friends of Cambridge University in Hong Kong Ltd (“the Friends”) with accurate, complete and updated personal data for the purpose of, or in connection with the application for the Prince Philip Scholarship (“the Scholarship”) (and/or any other awards or grants established by the Friends), and any related means-tested financial assistance. They are not obliged to provide the personal data sought, but failure to do so may result in an inability to process the relevant application.
2. Any personal data collected by the Friends in connection with the Scholarship will be used for any one or more of the following purposes, or for any directly related purposes:
 - (a) evaluating and verifying the eligibility, qualifications, potential and suitability for the Scholarship (and/or any other awards or grants established by the Friends), and any related means-tested financial assistance;
 - (b) liaising and making arrangement with the University of Cambridge (which may include the various Cambridge colleges, faculties and departments at Cambridge and the officers and members of staff there), or any related institutions in connection with the application for the Scholarship (and/or any other awards or grants established by the Friends), and any related means-tested financial assistance;
 - (c) liaising and making arrangement with any relevant bodies and/or institutions (including educational and financial) for the purpose of verifying the accuracy of the personal data provided in connection with the application for the Scholarship (and/or any other awards or grants established by the Friends), and any related means-tested financial assistance;
 - (d) communicating and liaising with or among the applicant, the applicant’s school (including the principal, headmaster or headmistress, and present and past members of staff at the school), the applicant’s family members, the University of Cambridge (which may include the various Cambridge colleges, faculties and departments at Cambridge and the officers and members of staff there), donors or potential donors of the Scholarship, members of the Friends’ various panels or committees, interviewers and other persons engaged by the Friends to advise, assist or in any way participate in the selection, processing, assessment and/or award of the Scholarship, for all or any purpose incidental to or in connection with the Scholarship;
 - (e) assessing the type and amount of awards to be made (if any);
 - (f) keeping and updating of the Friends’ records;
 - (g) all purposes directly or indirectly related to the processing and assessment of the application and/or the award (or otherwise) of the Scholarship;
 - (h) maintaining continuous contact with the recipients of the Scholarship (and/or any other awards or grants established by the Friends), during the period, or upon the completion, of their awards;
 - (i) meeting any disclosure requirements as required by the relevant laws and regulations (including the Ordinance and the GDPR).

3. All personal data provided to the Friends in connection with the Scholarship will be kept confidential, but the Friends may transfer, share or provide data to, or with one or more of the following persons or entities (who may be located in Hong Kong or overseas) for any of the purposes set out in paragraph 2 above, and any directly related purpose:
 - (a) the University of Cambridge (which may include the various Cambridge colleges, faculties and departments at Cambridge and the officers and members of staff there) directly or indirectly involved in or connected with the admission, teaching or assessment of students, and other student-related matters;
 - (b) the Cambridge Commonwealth, European and International Trust;
 - (c) donors or potential donors of the Scholarship;
 - (d) members of the Friends' various panels or committees, interviewers and other persons engaged by the Friends to advise, assist or in any way participate in the selection, assessment, administration and/or award of the Scholarship;
 - (e) any persons, organisations or bodies which organise or hold seminars, presentations, events or other activities for or jointly with the Friends or the University of Cambridge in connection with the Scholarship and/or admissions to the University of Cambridge;
 - (f) any persons, contractors or third party service providers who provide telecommunications, information technology, data processing, banking or financial services, administrative or secretarial or other support or services to the Friends and/or the University of Cambridge.
4. By making an application for the Scholarship, the applicant gives his or her consent to the Friends to collect personal data relating to the applicant from the applicant's family and household members, the applicant's school(s) (present and past) and the present and past principals, teachers and members of staff at the school(s), examination bodies, test or assessment service providers, as well as such other educational or other institutions, bodies or programmes and/or such other persons as the Friends may consider necessary or appropriate (irrespective of whether the same is specifically mentioned in the application papers) in connection with the application for the Scholarship, without further notice or reference to the applicant, and the applicant will ensure that all requisite consent has been given to such persons, bodies, and entities to release and provide all such data to the Friends promptly as may be requested. Consent is also given by the applicant for the Friends to use, process and retain the data for or in relation to one or more of the purposes set out in paragraph 2 above.
5. Recipients of the Scholarship acknowledge that the continuation of the Scholarship award will be subject to their good academic performance at the University of Cambridge. Therefore, they consent to (i) the collection by the Friends of data concerning their academic performance at the University of Cambridge, and (ii) the release and provision of such data to the Friends by the University of Cambridge (including the various Cambridge colleges, faculties and departments at Cambridge and the relevant officers and members of staff there).

6. Applicants have the right to access and correct their personal data. A data access or correction request should be sent to:

Data Controller (The Administrative Secretary)
The Friends of Cambridge University in Hong Kong Ltd
10 Des Voeux Road Central
Hong Kong
Or email : privacy@cambridge.org.hk

The Friends may charge a reasonable fee for the processing of any data access request.

7. The Friends will not use any personal data of applicants for direct marketing purposes, except that the Friends may contact applicants from time to time to inform them of or invite them to participate in seminars, presentations, events or other activities organised by the Friends or the University of Cambridge (either alone or jointly with other organisations or bodies) in connection with the Scholarship (which may include fund-raising events). Applicants should notify the Friends in writing if they do not wish to receive any further information from the Friends. However, the Friends do hope that all applicants will keep in touch with the Friends, whether or not their applications are successful.
8. The personal data of applicants will not be retained longer than is necessary for the purposes set out in paragraph 2 above (including any directly related purposes). Personal data of recipients of the Scholarship will be retained only for the duration of their studies at Cambridge.
